INSPECTION AND ACCEPTANCE PUNCHES

Group 1120

Our hand-held punches are made in our usual excellent quality. Made of C105 material (1.1545), these punches are produced with your desired font size. The punch is hardened to 58 - 60 HRC in accordance with DIN 7353.

The inspection and acceptance punch are used to differentiate between employees, quality inspectors or acceptance inspectors or to indicate production site origins or shifts.

Symbols based on drawing no. PR 143

Please always indicate the font size and the design number.

SAFETY GRIP FOR HAND STAMPS

Group 1103 0001

All hand stamps (page 51 – 53) from 6 mm up to 20 mm square-cut can be supplied with a safety grip.
