RUBBER CHARACTER SETS

2800 0015 product line

RÖLTGEN rubber character sets are available in three different sortings:

- Sorting A
Upper case letters, numbers, punctuation marks
- Sorting B
Upper case letters, lower case letters, lower case letters with accents, numbers, punctuation marks
- Sorting C
Numbers, punctuation marks, breaks

The adjoining tables give an overview of the quantitative composition of the types in their respective sortings.

Our rubber character sets are a combination of individual types (letters, numbers, punctuation marks) in certain sortings. The types are placed in a clear order on ribbed plastic plates, which, dependent on the extent of the character set are housed in a paperboard or wooden box. Each character set is also provided with a pair of tweezers.

RÖLTGEN rubber character sets are available on request with foreign language additions, e.g. for Spanish, Portuguese, Danish, Swedish, Norwegian. For some eastern European languages, such character sets are likewise available in different fonts.

Cyrillic character sets can be supplied in 3 mm, 8 mm and 13 mm font sizes. Other font sizes upon request. For type sortings in other foreign languages, please send us your request with detailed information.

Ordering instructions:

We require the following information for ordering:

The distinguishing letter for the sorting, e.g. A and the font size in mm.
